

CLOSING OUT SALE SCHMIELER & KIMMINS, STARTS FRIDAY, JULY 11

THE CHARLEROI MAIL

VOL. XX—NO. 30.

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, THURSDAY, JULY 10, 1919

TWO CENTS

BOROUGH CAN MAINTAIN PLAY GROUNDS ACCORDING TO NEW LAW

Many Important Measures Passed by Assembly, Are Now Laws

PLAYERS MUST HAVE PERMITS

Several important bills passed by the recent legislature were signed by Governor Sproul on Wednesday and are now laws of the commonwealth. Among those which received the approval of the chief executive of the state are:

The Eyre bill which restricts the use of tractors and traction engines on the state highways and bridge and limits the size and kind of cleats that may be used on the machines.

The Leiby bill, a measure prohibiting the attendance of children between the ages of 8 and 14 years at moving picture theatres during school hours, except when accompanied by parents or upon presentation of a permit signed by the school teacher.

The Tompkins bill, which empowers cities of the second and third classes, boroughs and counties to acquire, maintain and operate playgrounds, playfields, gymnasiums, public baths, swimming pools and indoor recreation centers, authorizes school districts to join in the maintenance and operation of the activities and provides for the issuance of bonds and the levying of taxes for such purposes.

Another bill sounds the doom of jitney operators in Pennsylvania who operate without certificates of public convenience from the Public Service Commission. The measure, known as the Williams bill, authorizes the Highway Commissioner to revoke the license of any driver of any motor vehicle who operates as a common carrier and without a certificate of public convenience from the Public Service Commission.

Charles Bertram Claybaugh, Charles Bertram, infant son of Leo and Marie Bertram Claybaugh, died this morning at 6 o'clock at the family home, 801 Lincoln avenue, aged nineteen months. Funeral services with Angel's Mass at St. Jerome's church Saturday morning at 9 o'clock, interment to follow in St. Peter's cemetery in Brownsville.

We wish to announce that in response to many requests that we have secured for the present week an expert machinist, fully equipped to repair thoroughly any machine. If your machine does not do as it should leave your order promptly. Phone 86-J. Singer Sewing Machine Company, 410 Fallowfield avenue.

The Pittsburgh Gazette Times asked the pertinent question. If the same in that city are not selling in Charleroi why should they be closed on election day?

Consumers Warned Of Severe Coal Shortage

Due to a shortage of labor which threatens to grow shorter, the country is facing the greatest coal famine in its history, according to a statement made by the geological survey at Washington on Wednesday. The prospective shortage is one hundred million tons, and it is pointed out that unless the people place their orders now for domestic coal for the coming winter the situation later in the year will be most serious. People are not buying coal now and the mines as a consequence cannot run and store a sufficient amount to meet the demands later in the year. As a matter of fact the greater number of mines cannot store a pound of coal. They must have orders if they are to run, and if these are not forthcoming there is no production. The Department of Labor estimates that

MAY LOSE THEIR GLASS FACTORY

West Brownsville is in danger of losing the glass plant at that place operated by the Brownsville Window Glass company, this fact being made apparent Monday evening last when Mr. Phillips, representing the company appeared before the borough council to ascertain if that body could give him any assistance in obtaining a withdrawal of the citizens' petition against the Greensboro Gas company.

Mr. Phillips in his address to council said that if his company could not be supplied with natural gas as fuel the plant would not begin the next fire, due to start August 15, and would never again reopen. He pointed out that he would employ about 500 hands and the payroll would amount to \$15,000 per week. He said the company must be assured of a gas supply, otherwise it would not start operations this summer.

Mr. Phillips wants the people of Brownsville to withdraw the petition filed with the Public Service Commission protesting not alone against the ready-to-serve charge, but likewise the increase in the price of gas. When the people refused to do this last spring the gas company notified its patrons in that locality that it would cease operations in that section of the valley on the first of September. Should the company carry out its determination it would mean that West Brownsville and this would include the glass plant, would be without natural gas as a fuel. This is a condition the glass company wishes to avoid and requests that the citizens withdraw their petition. A public meeting may be called to take action.

They are getting the German throne ready for the come-back, and the ex-Kaiser is getting ready to reoccupy it. No matter what sort of combinations are made among peace inclined nations, it is evident they have got to stay on the job of watching the Huns as long as there are any Huns left to watch.

MONESSEN LOSING MANY FOREIGN MEN

It is estimated that about 1,000 men of foreign birth and who lived in Monessen have returned to their native countries within the past few months. Of this number 300 were Italians, from 400 to 500 Greeks and at least 100 Serbians. It is expected that as soon as Austria and Hungary have signed peace terms and the ban to those countries is lifted that many others, former residents of central Europe, will leave for their old homes. The situation makes the labor conditions somewhat acute in Monessen.

EXPRESS CREW WAS HELD RESPONSIBLE

The crew of the express train were held responsible for the wreck of two trucks loaded with express matter, at the Charleroi station one morning last week, and the flagman and brakeman suspended for a period of thirty days. It will be remembered that the superintendent's special ran into the trucks which were being loaded from the express train at the time and not only demolished the trucks, but scattered the loads all along the tracks. The express company sold the salvage for \$25.

CAR INJURED WHEN IT HIT STATE TRUCK

A Ford touring car owned and driven by Harry Boyce of Belle Vernon, was badly damaged when it collided with a truck owned by the State Department of Highways on the road between Beallsville and Bentleyville Wednesday afternoon. It is said the truck was on the wrong side of the road. In the car with Boyce were William Boyce, F. W. Hess and J. R. Frost, none of whom however were injured. The damaged car was brought to a local garage for repairs.

CAMPAIGN FOR JUDGESHIPS IN WASHINGTON CO. NOW UNDER WAY

APPLES AND PEACHES GOING TO MARKET

The first shipment of apples from the orchards along the B. & O. between Keyser, W. Va., and Hancock is being made to eastern markets. They are the yellow transparent variety. Transportation of early peaches from orchards in the same locality is expected to start next week, over the B. & O. and the Western Maryland. The ice supply for refrigeration of the fruit is adequate and shipping facilities excellent.

SPECIAL FEATURE AT THE COYLE

A picture of more than usual interest, "Virtuous Men," has been secured by Manager Robert Coyle, for presentation at the Coyle Theatre on Thursday and Friday. This picture is a melodrama filled with action and tensely dramatic situations. In the role of Rob Stokes, E. K. Lincoln, star of "Virtuous Men," enacts many highly dramatic scenes with great realism, and in a manner to hold the close attention of the audience. In one of the big moments of the production Stokes is confronted by his arch-enemy, Bummon, who had plotted his ruin, and how he escapes from the trap is presented in a very realistic manner. Patrons of the Coyle will surely be delighted with this very interesting film.

NEW RECORD MADE BY FOOD BUREAU

Revenue of the State Dairy and Food Division now the Bureau of Ponds of the State Department of Agriculture, went over the half million mark for the first six months of the year for the first time. The great bulk of the income was for licenses for the sale of oleomargarine, which have broken all records.

The receipts for the month of June for both the common pleas and orphans' court judgeships will appear on the non-partisan ballot, the legislative amount from fines from sale of laurel having made no change in the milk which did not conform to the State standards. The total receipts for the half year were \$502,702.40, or more than twice as much as it costs to operate the bureau for two years.

SUNDAY SCHOOL PICNIC POSTPONED UNTIL FRIDAY

The picnic of the Washington Avenue Presbyterian Sunday school, announced for today at Oakland Park, has been postponed until Friday. Street cars will run at the same time as announced for Thursday and all those who had contemplated going today are requested to hold themselves in readiness to join the picnic party tomorrow.

Judge Brownson Seeks Election for the Full Term of Ten Years

ORPHAN'S COURT ESTABLISHED

Judge James I. Brownson is a candidate for re-election as judge of the court of common pleas of Washington county, a petition in his behalf now being circulated. Judge Brownson is serving under appointment, having been selected to fill the place made vacant by the death of the late Judge Robert W. Irwin. The term for which Judge Brownson was appointed will expire the first Monday of January next, and if he should be re-elected his new term would be for a period of ten years. So far no other candidate has developed for the place.

The time within which these petitions for judgeship have to be filed at Harrisburg is uncertain. Under the law as it now stands they must be on file 40 days before the primary, but there is a bill in the hands of the governor that changes the time to 60 days before the primaries. If that bill assigned it will require that all judgeship petitions be in by at least the 19th of this month.

There is also a bill with the governor changing the date of the primaries from September 17 to September 16. Until that bill is signed or vetoed the commissioners' office is held up in preparing for the primaries. If the primary date is changed one day, it makes a change in dates prior which depend on the date of the primaries.

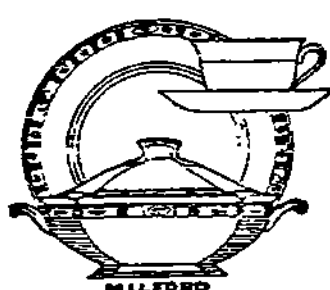

Governor Sproul on Wednesday signed the bill providing for an orphans' court judge in Washington county and the measure is now a law. The law provided that no appointment be made, the judgeship not to be created until January 1, when the judge who will be elected at the regular election in the fall will take office. It is understood there are of the income was for licenses for the sale of oleomargarine, which have broken all records.

RE-ELECT TEACHERS OF SCENERY HILL HIGH

The West Bethlehem school board at a meeting held Monday evening elected Miss Mary B. Pearsol principal and Miss Eliza R. Hewitt assistant for the coming term of the Scenery Hill high school. They succeed themselves. This election completes the list of teachers for the township.

The government will profit by the Willard-Dempsey fight to the extent of \$41,000, which is some rake-off.

Coyle Theatre Today and tomorrow. "VIRTUOUS MEN" in 7 reels featuring E. K. Lincoln and Grace Darling
Is your husband a virtuous man? Does virtue belong to women alone.

COMMON LABOR

Reports from federal employment
agents over the country show a sug-
gestive situation.

The only branch of labor that is
more in demand than in supply is the
armstrong branch; the common lab-
or who works with a pick, shovel
and his good back muscles.

Of skilled mechanics there are
enough; of artisans and carpenters
and masons and craftsmen generally
the supply is adequate but there is a
shortage of railroad section hands;
of men to tote brick up a ladder, of
"common" field laborers, of the big
bicep boys who once were clamoring
to work ten hours for a dollar and
fifty cents.

It is the first time in the history of
the country when the common laborer,
the untrained, the unskilled, was more
in demand than his technically super-
ior brother.

Lack of immigration, training of
several million boys in the army and
navy, the Y. M. C. A., and trades
schools, the repeated urge to get out
of the overalls class and into the
desk brigade, these all bear an in-
fluence on the situation.

Just who is going to be left to do
the hard manual work, the unskilled
and highly necessary and lightly
paid work, appears in doubt. Cer-
tainly no mother today is raising her
son to be a hod carrier; and with
technical education open to almost
every child in the country, we are
likely to all be bosses a generation
from now and have no one to boss.

BUYING STOCKS

Offers to sell stock in various for-
eign enterprises are made to Charle-
roi business men and residents gen-
erally every week. In fact almost
daily. This is particularly true at
the present time concerning stock
in oil companies which ostensibly
have been organized for the develop-
ment of leases in Oklahoma and
Texas. These companies may be all
right, and then they may not be.
One thing is certain, the average man
who buys stocks in such enterprises
is so far from the base of operations,
and is interested to such a small ex-
tent in a financial way that he never
gives the undertaking the consideration
to which it is entitled. Consequently
the concern is run by the promoters
in the way they see fit, and general-
ly regardless of the interests of the
outside stockholders. When sales-
men appear to sell this kind of stock
it might be well to think over the
proposition several days and then decline
to buy. There are plenty of stocks
being offered by regular houses, as
to whose value there is no question,
and when bought at market rates usu-
ally a re a sufficient guarantee that
the purchaser will not come out a los-
er.

WANT CAPTURED CANNON

Approximately one thousand, eight
hundred and twenty-six bills have been
introduced in Congress to donate to
cities, towns, military colleges and
states pieces of German artillery cap-
tured during the great war in Europe.
The list of towns runs all the way
from Aberdeen, Mississippi, to Zalen-
ski, Ohio, and our own town of Char-
leroi is on the list. Just where Uncle
Sam is going to get all this artillery
is not stated, but it is not likely that
the requests of all the various munici-
palities can be complied with. The en-
tire affair is apt to end in a general
bill, which will dispose of the cap-
tured cannon according to the number of
men who served from each state, and
a possibility that each state will have
something to say as to their final dis-
position.

A MATTER OF HABIT

The habit of abstaining will become
as fixed as the habit of indulging af-
ter the law and the constitution, as
will presently be the case, shall create
new environments of the individual
and of society. The psychologist has
little to say as to the ethical nature
of habits. He has much to say as to
their strength and their methods.
Hence the psychologist would say
that the indulger that the formation of
habits of abstinence will be as sure
as the formation of any other types
of habits.

RETURNING FOREIGNERS MAKE LABOR SCARCE

So many foreigners have left At-
lance, Ohio, to return to their native
land that the town has a scarcity of
laborers. Thirty Rumanians left on
Tuesday for New York to sail for
home. Many men of foreign birth
are also leaving the Monongahela val-
ley, every week seeing large delega-
tions departing for New York to
take ship for home.

GREENSBURG WELCOMES ITS RETURNED SOLDIERS

Greensburg today is welcoming the
one thousand and more young men
and women who served in the world
war from District No. 1 of West-
moreland county. All business was
suspended for the day in order to
give every one an opportunity to take
part in the celebration.

Thousands

Exterminated

Tape-Worms With Head

Thousands are suffering from tape-worm, but
are treated for some other disease without get-
ting any result.

A SURE SIGN of the presence of these par-
asites is: Passage of round, longitudinal or pump-
kinseedlike particles or other worms.

Suggestive signs are: Pale, bloated appear-
ance, dark rings under the eyes, emaciation, con-
tinuous spitting, coated tongue, loss of appetite,
with occasional greediness, indigestion after
taking certain food, as: Herring, Oysters, Vegetar-
ian, even spells of fainting with an empty stom-
ach, appearing indolent, raising of obstruction in
the throat, sour stomach, heartburn, pain
stomach, beef-die, humming in ears, with
ing of having a heavy moving mass in the bow-
els, cutting pains in intestines, rumbling and wave-
like movements, palpitation of the heart, exhaus-
tion, heaviness in limbs, sediment in urine, etc.

In addition thereto, may exist sympathetic
disturbances which sometimes assume a grave
character, hemiplegia, muscular irregularities,
hysterical fits, choreic convulsions and even
epileptic attacks.

MY METHOD EXPELLS THE
TAPE-WORM
within one to four hours, without danger, pain-
lessly, no fasting, no detention from home or
work.
